## Co-Founder of ALX Law

Bachelor of Science (Computing Science & Finance, 2004) Simon Fraser University, Canada

12 year professional experience in the field of software engineering, enterprise technology architecting and data analytics.

### Owner of ProHukum, Jakarta Indonesia (5 yrs + to date)

ProHukum is an award-winning Practice Management Solution for Law Firms. The solutions help law firms manage their matters, documents, timesheet, and billings more effectively. Combined with superior business intelligence and performance analytics, partners can easily view how their law firm performs on daily basis. Our software has been used and recommended by top-tier law firms in Indonesia. We are currently the number 1 choice for law firms in Indonesia.

### Enterprise Technology Architect, ARCA INTERNATIONAL - Indonesia (3 + years)

Created and marketed a revolutionary Enterprise Resource Planning software that is currently widely-used by companies in the broiler industry. We also partnered with major organizations and large vendors to help propel the broiler industry in Indonesia.

### System Analyst, JAPFA GROUP - Indonesia (2 + years)

Successfully designed and launched an intelligent product distribution system used to manage logistics flow, demand aggregation, and supply control for the whole nation. Using the system, the company can predict demand, real-time pricing, and route supply where it is most efficient and profitable.

### Software Engineer, SENTRY TELECOM SYSTEMS - Canada (1 year)

Developed the software interface for the flagship product, Phonewall, that is integrated with the hardware modules so they work flawlessly.
